Without

ACTIVE HOP is excellent for those with food intolerances as it does not originally have even the slightest trace of gluten or lactose, oh...it's vegan friendly too!

Isotonic

It is well known that not drinking enough water can make us feel weak, dizzy and tired regardless of whether or not we are doing physical activity. But often drinking water becomes almost an effort due to its lack of taste. ACTIVE HOP combines all the positive factors of water but with the added taste and properties of hops.

— 05

Digestive

One of the three basic ingredients of active HOP is carbon dioxide which, in addition to giving fizziness and pleasantness to the palate, offers important digestive principles, helping you to feel less burdened throughout the day. In addition, hops stimulate the production of gastric juices, further increasing digestive capabilities.

— 06

Defensive

ACTIVE HOP hops are an indispensable ally for immune defenses by carrying out an antibacterial action against Gram positive bacteria, responsible for various lung infections.

— 07

Preventive

ACTIVE HOP hops perform an important anti-inflammatory function, naturally regulating inflammatory processes, pain threshold and fever.

— 08

Antioxidant

ACTIVE HOP hops help neutralize free radicals, protecting the body from their negative action.
